Immediate Vacancy

Senior Financial Controller

AquaBioTech Group is looking for an ambitious Senior Financial Controller to contribute and develop all aspects of financial management including corporate accounting, regulatory and financial reporting, budgeting and forecasts preparation, as well as development of internal control policies and procedures. Are you analytical, organised and diligent individual, who wishes to join a fast-paced, dynamic and multicultural environment that values hard work and dedication; then this could be the perfect position for you.

Synopsis of position offered

This position entails the overall responsibility for financials and the financial health of **AquaBioTech Group**. To succeed in this role, you must demonstrate in-depth knowledge of financial policies, procedures, and systems. In addition to being an excellent communicator, our ideal candidate will also have outstanding analytical and time management abilities.

The responsibilities include but are not limited to:

- Preparing management accounts as required.
- Manage general ledger, accounts payable, accounts receivable, vat and tax filings
- Taking an active role in the preparation of annual financial statements as well as liaising with the auditors.
- Planning, preparing and monitoring budgets and cashflow.
- Refining appropriate systems to ensure all invoices are being issued and recorded as required.
- Supervising debt collection and reconciliation.
- Managing and supervising the maintenance of accounting records and receipts for all transactions.
- Ensuring that all bank deposits and payments are being approved and registered appropriately.
- Ensuring financial records are kept up to date with the latest transactions and changes.
- Ensuring that daily, monthly and yearly transactions are being reconciled.
- Performing periodic financial analyses to detect and resolve problems.
